

4-7-22

Dear Giants Neck Beach Friends and Neighbors:

Despite the various tricks that nature seems to be playing on us, spring really is here, as evidenced in part by the re-emergence of the tennis and pickleball nets as of April 1. Yes, the court is open for play!

In the very near future, the Court Committee - which has been working hard all winter - will provide instructions for the new online scheduling app/platform that we plan to use this year. For now, use of the court will be on a first-come, first-served basis. Please limit play to one hour if others are waiting for the court and, as always, be considerate of your fellow members. All court rules must be followed. Those rules, which are posted at the court, include use of tennis sneakers only; running shoes leave unsightly black scuff marks, a considerable problem last year. If you are shopping for new shoes, look for shoes that are specifically identified as "non-marking." Please also note that bicycles, skateboards, rollerblades and any similar wheeled accessories are not allowed on the court. Any questions about the rules should be directed by email to court.gnba@gmail.com.

It was wonderful to see the incredible use of the court last year by so many members of this active, engaged community. The Board continues to work to improve the Association's facilities and will soon be forwarding news from the committee that also met this winter to consider possible upgrades and additions to the clubhouse grounds and court area. Stay tuned, and we look forward to seeing you all back here at the beach.
